MONTOGRAPHIE

MISSOULA, MONTANA

Hello and welcome to Montographie. I am so pleased that you inquired, because at Montographie, we LOVE our clients! If you are looking for high quality art, beautiful wall displays and excellent service, then you have found it. We welcome you and invite you to be our muse, now lets create something beautiful.

MONTOGRAPHIE IS JAMIE

I'm Jamie and I will be photographing you! Montographie is my creative love child that I dreamt up in early 2013. Long had I imagined the perfect photography business where I could create beautiful art enshrouded in high-end products and customer service. Now you all have the chance to experience this dream too. People and their stories inspire me constantly and I capture so much more than a photo. After years of experience, I have been able to extract a much deeper meaning in every photo, photographing the true emotions and meanings of every moment, as they occur. Thank you for being part of my journey.

Congratulations

YOU ARE ABOUT TO EMBARK ON A JOURNEY...

A journey that began with love will evolve into a life full of lessons, laughs and other surprises. Most importantly, it's a life you will soon make for each other, with each other and it starts with one very important day. Let us be there for you, to celebrate, capture and create art from one of the most joyous times you will ever have. No matter how big or how small, you are very important to us. Your life is our muse, now lets create something beautiful.

WE'LL BE RIGHT BY YOUR SIDE...

Your heart is racing, your mind is pacing, so much is going on and everyone is focused on you. You've waited your whole life for this one very beautiful day, and despite every extreme circumstance we promise, we'll be there. We will capture every detail, every precious moment, every expression, every inhale and exhale, to the moment where, "you may kiss the bride" and each dance step afterwards. Leave the worrying and wondering to us, afterall, we love this moment and will capture it for you, to treasure, like this day, forever.
